

Region Camp Gear list

Day pack

Uniform	Wear your shirt and scarf to the camp
Water bottle	With water in it for the walk down to the camp
Rain coat	Even if no rain forecast - keeps the evening dew off
Torch & spare batteries	Head torches are the best if possible - keeps your hands free
Hat	Keep the sun out of your eyes during the day
Beanie	Keep your head warm at night
Wallet	\$5-10 cash Optional spending money
Jacket	In case you get cold before your big bag is unpacked
First Aid Kit	A few basics in case you get a scrape or sprain - leaders have a more complete kit
Medication	Anything you need - must be listed in Operoo (even Panadol or Nurofen). Put in a ziploc bag with your name so leaders can store. Scouts keep puffers or Epipens
Others	Pen / pencil & notebook, plus book to read or cards or other small spare time activity. PLs & APLs should have a watch

Pack or large sports bag

Sleeping Bag	A warm one or bring an extra blanket
Sleeping Mat	Keep the cold in the ground, not your body
Inner Sheet	Extra warmth and keeps your sleeping bag clean
Pillow	Optional
Mess kit	Plate, bowl, spoon, mug, cutlery, 2 tea towels in a draw string bag (cotton or mesh, not plastic). We eat well at this camp - don't bring the tiny hiking stuff
Clothes & underwear	Enough for 3 days. Bring extras in case you get wet - rain or some activities. Lots of thin layers are warmer than one thick layer
Thermals	These are a great base layer - watch for specials over the next few weeks at places like Anaconda or Aldi
Socks	Bring more than you think. Nothing worse than wet feet
Old clothes & shoes	A spare set in case you do an activity where you might get dunked
Shoes	Make sure shoes are good for walking. Bring a spare pair in case of wet feet - our campsite is across the creek from the main camp HQ. Gumboots are optional. Good hike boots are also good
Thongs	Can be worn in the shower ONLY
Towel	Scouts are expected to have at least 1 shower at camp
Toiletries	Tooth brush, hair brush, deodorant, soap, shampoo, etc. No aerosol products (can damage the waterproofing on tents)
Extra warm stuff plastic bag(s)	Gloves, scarf, onesie, camp blanket - if it fits in your bag go for it for dirty or wet clothes or shoes plus a bag to take your dry stuff for the shower

Don't bring

Electronics, more than \$10,
Anything you would be sad if it got lost, wet, dirty or broken

If you want it back - put a name on it!
